Kod producenta	TH-EJ20-TY

Opis produktu

Unlock your **Subaru** performance with the high-flow **XFORCE** stainless steel performance headers and up-pipe.

Constructed of 304-grade stainless steel and TIG welded throughout to aid reliability and aesthetics, the XFORCE 1³/₄ header design helps reduce back-pressure and improve performance thanks to the tuned length 4-2-1 configuration.

Also included in the kit is the high-flow stainless up-pipe which further aids performance and incorporates a high-quality flexi section for durability.

- Polished Stainless steel
- 4-2-1 Tuned length design
- Up Pipe with braided flex bellow
- Requires factory standard gaskets

Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems.

Theses exhaust systems bolt directly to existing mounting points making installation easy.

They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great! The unique header design increases power throughout the rev range, while providing a great engine audio note – make it roar!
