Opis produktu

Kute korbowody BC Brian Crower Honda/Acura K24A I BEAM śruba ARP Custom Age 625+ BC6046 The "MOAR" (Mother Of All Rods) Series connecting rod from Brian Crower is what a connecting rod would look like when taking input from the top engine builders and tuners in the industry. The MOAR Series is approximately 20 grams heavier than the industry proven ProH Series design. The I-Beam design allows added beam to cylinder wall clearance for stroker applications. Radius edges for added rigidity, added material near the pin end to insure true pin end roundness. ARP Custom Age 625+ fasteners installed as an upgrade. C-to-C 5.985"BE Bore 2.008"BE Width 0.780"PE Bore 0.866"PE Width 1.000"Gram Wt 653Torque Specs 55 ft lbs - 3/8"
