Opis produktu

Kute korbowody BC Brian Crower Toyota 2JZ MOAR I-Beam śruby ARP Custom Age 625+ BC6307 The "MOAR" (Mother Of All Rods) Series connecting rod from Brian Crower is what a connecting rod would look like when taking input from the top 2JZ engine builders and tuners in the industry. The MOAR Series is approximately 50 grams heavier than the industry proven ProH Series design. The I-Beam design allows added beam to cylinder wall clearance for stroker applications. Radiused edges for added rigidity, ARP Custom Age 625+ fasteners for premium clamping ability, added material near the pin end to insure true pin end roundness.
