Opis produktu

Aeromotive, long known for high-end bulletproof fuel systems, is proud to introduce our new billet aluminum fuel rails for the popular Volkswagen 1.8L Turbo engine. Aeromotive Part # 14163 Fuel Rail, Volkswagen 1.8L Turbo. This product is not legal for sale or use on emission-controlled vehicles except when used as a direct replacement part matching OEM specifications. The Aeromotive Volkswagen 1.8L Turbo Billet Fuel Rails feature 8AN inlet and outlet ports and are designed to be the highest flowing rail on the market. The internal diameter is a full 5/8 and is CNC machined out of 6061 T6 aircraft aluminum alloy. The rail is beautifully finished with type II bright dip red anodize and includes all brackets and hardware to install the rails on a variety of applications that utilize Volkswagens 1.8L Turbo engine.
