Opis produktu

A set of 5 Silicone Coolant hoses for the MK5 2 Litre Golf. These hoses are sold as an additional set to our FMKC010 hose kit and are often referred to as the lower hose kit. Our coolant hoses, unlike other manufacturers inferior hoses, are lined with Fluorosilicone to ensure they can withstand the coolants used in modern engines.

Please select your colour choice in the options above when ordering.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
