Opis produktu

Mainline Q-Jet Carb System

If you are a serious nitrous junkie on a tight budget we have what you have been waiting for! NX introduces MainLine Nitrous Systems. MainLine Systems benefit from the years of research and development that made Nitrous Express the leader in the nitrous world, but at a price even the most budget-restricted racer can afford. Just the basics, no frills, just rock solid performance at rock bottom prices. The ML1002 will outperform any other 250HP carbureted kit on the market, guaranteed to make 250HP. Most of it s competitors promise 250HP but only produce 160WHP!

Includes:

- 10lb Nitrous Bottle with Standard Brass Valve
- Jetting for 100, 150, 200, 250HP
- Stainless Steel Bottle Brackets
- NX Mainline Nitrous Plate
- Stainless steel hardlines for solenoid mounting
- Mainline .078 orifice nitrous solenoid
- Mainline .112 orifice fuel solenoid
- 4AN stainless steel braided feedline

If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us.
