Mercedes A/CLA45 AMG Face-lift DSG Oil Cooler Kit (2015 - Facelift)

Cena brutto	3 636,22 zł
Cena netto	3 636,22 zł
Dostępność	Na zamówienie
Numer katalogowy	379176672
Kod producenta	FMDSGOC2
Kod EAN	*5056721233864*

Opis produktu

While developing and testing our range of chargecooler radiators of Mercedes flagship A45 AMG, we took the time to develop a DSG oil cooler kit to reduce the high DSG gearbox oil temperature experienced under prolonged and high loads testing.

The large 13-row oil cooler is installed in the nearside lower bumper vent aperture that is unused on UK vehicles. This position allows optimum airflow to reduce oil temperatures. This kit has been re-engineered to fit face-lift Mercedes A45 AMG Models from 2016 onwards. Please note that the Pre-Face lift DSG oil cooler kit ([FMDSGOC1](#)) and Face-lift DSG oil cooler kit (FMDSGOC2) are not cross compatible due to the reprofiled bumper on later face-lift vehicles.

This kit is supplied with all the brackets and hardware required to install the 13-row oil cooler and CNC machined billet aluminium adapter plate.

- Quality powder coated oil cooler housing bracket
- CNC machined and anodised adapter plate
- CNC machined and anodised banjo fittings
- Pre-assembled high-quality double braided AN-6 oil lines.

We recommend only using the correct Mercedes DSG oil to top up the gearbox (not supplied).

If your vehicle year was manufactured between 2013-2015, (Pre-face lift) Mercedes A45 AMG please see product [FMDSGOC1-DSG Oil cooler kit for Face-lift vehicles](#).
