Opis produktu

This product offers a **performance increase of up to 20 BHP** as well as enhancing the induction noise!

The combination of both intake adapter and air filter enables you to get the most out of the stock intake system on the Mercedes A45 AMG, CLA45 and GLA45. The powder coated, large bore metal intake adapter supplied with this kit replaces the very restrictive stock intake adapter, **equating to a huge 138% increase in area.**

Coupled with the [Pipercross](#) filter which **increases flow by up to 30%** over the stock filter, as well as improving filtration. All components are manufactured here in the UK. You can find the replacement filter for this induction kit here - [FMINDK20-RF](#)

Please note - the Pipercross filter is excluded from the Forge lifetime warranty
