Opis produktu

Replace your restrictive and failure-prone factory Evo intercooler pipe with the Mishimoto Mitsubishi Evolution X Intercooler Pipe Kit, precision engineered for flawless fitment and optimal flow for the Mitsubishi Evolution X. The kit includes everything needed to upgrade your lower intercooler pipe, remove restrictive bends, and support substantial boost pressure and horsepower. This kit features polished 2.5" mandrel-bent aluminum piping and four-layer 100% silicone couplers with heat-resistant embedded fibers, which offer increased heat and pressure tolerance compared to the factory rubber connections. Whether you have a daily-driven Evo or a rally project, dependable charge-air connections are essential for reliable operation. The Mishimoto Mitsubishi Evolution X Intercooler Pipe Kit includes high-quality stainless steel T-bolt clamps for each connection. These clamps provide the holding power you need for increased boost pressures! This kit is available with black, red, or blue couplers and includes the Mishimoto Lifetime Warranty. Direct fit for the Mitsubishi Lancer Evolution X. PIPE DIAMETER: ID: 2.375" OD: 2.50" Lightweight, mandrel bent, polished aluminum pipes. Improves turbocharger spool and provides support for high-horsepower vehicles. Mishimoto Lifetime Warranty.
