Opis produktu

The Subaru WRX STI provides a great balance of power, handling, and reliability. As with any vehicle, controlling fluid temperatures will ensure consistent power and engine longevity. The Mishimoto Subaru WRX STI Oil Cooler Kit is a great addition to any street or track STI. A large 19-row cooler mounts in the front bumper to provide optimal airflow and cooling efficiency. The included direct-fit mounting brackets and preassembled stainless steel lines with -10AN fittings will ensure an easy and hassle-free installation. This cooler is proven to reduce oil temperatures by 20+°F (16+°C) degrees while maintaining minimal pressure loss. For further heat protection this kit includes thermal reflective wrap for the oil lines, providing substantial heat deflection from the nearby exhaust. The Mishimoto Subaru WRX STI Oil Cooler Kit can be customized to meet your needs with either a Stealth Black or Sleek Silver cooler and your choice of the [Mishimoto Oil Sandwich Plate](#) or the [Mishimoto Thermostatic Oil Sandwich Plate](#). As with all our products, this kit includes the Mishimoto Lifetime Warranty

- Direct fit for 2008-2014 Subaru WRX Sit
- Increase in Oil Capacity: 0.65 quarts / Temperature Difference: 20+°F / Rows: 19
- Oil cooler kit retains the use of your stock liquid to liquid oil cooler unit
- Thermostatic oil sandwich plate allows oil to reach optimum temperature
- Mishimoto Lifetime Warranty
