### Opis produktu

The Mishimoto S-Line intercooler provides the perfect cooling capacity needed for supercharged and turbo charged vehicles. Constructed of 6061 aircraft-quality aluminum for extreme durability, the Mishimoto S-Line intercooler will efficiently reduce induction air temperatures, while significantly improving engine output. Mishimoto front-mount intercoolers are precision TIG welded, offering an enhanced level of performance. The S-Line intercooler will provide the ideal cooling capacity, while safely increasing horsepower and giving that extra boost that every driver appreciates. Note: For your taste, only one side of the intercooler has the Mishimoto logo. Universal intercooler provides optimal flow and volume for high horsepower vehicles. Overall Size: 31" x 12" x 3" / Core Size: 23" x 12" x 3" / Inlet & Outlet: 3" / Tank Wall Thickness: 5mm / Max PSI: 32. Robust, one-piece cast aluminum end tanks withstand high boost pressures. Mishimoto Lifetime Warranty.
