Mitsubishi Evo Closed Loop Dump Valve

Cena brutto	989,95 zł
Cena netto	989,95 zł
Dostępność	Na zamówienie
Numer katalogowy	379174540

Opis produktu

We recommend [servicing](#) your valve every 3 years, or 20,000 miles, whichever comes sooner

Made from billet aluminium, this recirculating diverter valve dumps the charge-air back into the air intake system keeping external noise to a minimum. This increases both quicker throttle response and higher clamping load to maintain boost pressure more reliably. Unlike the diaphragms valves which are prone to failure, this uses a single piston single spring. This prevents our diverter valves suffering any of the failures associated with diaphragm type diverter valves.

In The Box:
1 x FMDVEVO15 Valve
1 x Forge Sticker

If you wish to tune this product to fit the needs of your engine, please see the spring tuning kit below.
