MMR Magnetic engine oil plug M12 x 1.5 MMR03-0504 for All BMW / MINI

Cena brutto	159,99 zł
Cena netto	130,07 zł
Dostępność	Na zamówienie
Numer katalogowy	331552581
Kod producenta	MMR03-0504

Opis produktu

The MMR Performance BMW & Mini Magnetic Sump/Oil Pan Plug is a simple yet effective upgrade that can dramatically increase your engine's lifespan. As an engine wears, tiny metallic particles become suspended in the oil, accelerating wear each time you drive. Our magnetic sump plugs will help to separate these ferrous particles out. Now a revised design that ALSO fits the B58 engines. M12 x 1.5 Magnetic sump plug. Catch ferrous particles before they catch you. There's no avoiding it, your engine's contact surfaces wear a tiny amount each time it runs. So, it becomes inevitable that tiny ferrous particles become suspended in the oil. They quickly make their way around your engine via the oil system for thousands of miles traveling over sensitive components such as your crankshaft bearings or camshaft caps, slowly contributing to increased engine wear. Our magnetic sump plug has a large surface area magnetic end, which helps to catch these metal particles. And of course, the harder your engine works, the greater the risk of this nasty metallic debris, meaning the greater the benefit of using our magnetic sump plug. The MMR Performance magnetic sump plug is crafted from T6-6061 lightweight aluminium and is anodised in our trademark gloss black finish. It's supplied with a set of 5 sealing washers included (additional packs of washers can be ordered). Insist on an MMR magnetic sump plug at your next service! Product features Full OE plug replacement. M12 x 1.5 fitment. Protect and increase engine lifespan. Crafted from T6-6061 lightweight aluminium. Anodised in our trademark gloss black finish. Supplied with a set of 5 sealing washers. Fitting information This Magnetic Sump Plug will fit all recent BMW & Mini engines. These are the sump plugs with a thread of M12x1.5, OE part numbers: OE 11 13 7 535 106. OE 11 13 7 535 106 S1. OE 07 11 9 963 151. OE 07 11 9 963 151 S1. Note: this is a new design revised to now INCLUDE the B58 engine. Fitting guide Match OE torque specs.
