Numer katalogowy	331562378
Kod producenta	USA-NX-20000CR-05

Opis produktu

N-Tercooler Spray Ring For Co2 Reduces Air Inlet Temp On Turbo Applications with 5Lb Bottle For supercharged or turbo applications where nitrous is not an option, Nitrous Express offers another alternative, the N-tercooler. Spraying nitrous over an air-to-air intercooler, can reduce air inlet temperatures dramatically. In a dyno test, a turbocharged Honda equipped with an NX N-tercooler, increased its baseline by an astounding 52 wheel horsepower! If it makes horsepower, it must be Nitrous Express! THE NITRO BOTTLE IS EMPTY! Instructions PDF
