Opis produktu

Nitrous Plate System for Ford Pushrod Style Engine 5.0L The Nitrous Express plate system for 1986-93 Mustang GT features spraybarless technology for the ultimate in atomization and distribution. Plates include a 75mm inner diameter as a default however you can purchase inserts with smaller inner diameters if desired. A fuel line adapter is provided to simplify installation (no need to cut your factory fuel lines). Systems include extra long stainless braided N2O and fuel lines, master arming switch, WOT activation switch, relay, relay harness jetting for 50, 100, 150, 200, 250, and 300WHP and all necessary hardware to complete the installation. Systems with bottles include the new billet aluminum Lightning 500 bottle valve and stainless bottle brackets. If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us THE NITRO BOTTLE IS EMPTY!
