## Nitrous Pressure Sensor 1600 PSI Nitrous Express NX 15533

Cena brutto	<b>789,99 zł</b>
Cena netto	<b>642,27 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331573706</b>
Kod producenta	<b>USA-NX-15533</b>

### Opis produktu

Nitrous Express now offers a 0-5V pressure sensor with a working pressure window of 0-1600psi. This sensor works when using the Max 5 to monitor and datalog N2O pressure.

This will also allow the Max 5 to control when the bottle heater turns on/off. You can set the on/off psi in the Max 5 to send an activation signal to your bottle heater at any pressure you command.

When using this sensor the Max 5 can also keep the nitrous system from engaging if the bottle pressure is too high or too low (by user adjustable high/low limits).

#### Includes:

- 0-1600PSI sensor
- 3 wire pigtail harness
