Opis produktu

Nuke Performance BMW S65 Motorsports High-Performance Fuel Rail

BMW 8cyl high-performance bolt-on Motorsports Fuel Rail kit for the popular V8 engine S65. Motorsports, lightweight fuel rail with unique injector safety clips that fit straight on the intake without heavy modifications. 100% safe for alcoholic fuels such as ethanol.

- Lightweight motorsports fuel rail
- Unique injector safety clips
- Made in Sweden
- 100% E85 Proof
- Delivered with AN-8 fittings

Bolt-on fitment, everything is included for :

- BMW S65

Give your engine over-dimensioned fuel flow for serious power outtake and the looks that are the Nuke Performance signum. Designed to look awesome and perform even better, this motorsports-grade fuel rail is the market-leading BMW S65 fuel rail with the most functionality and delivered with unique injector safety clips and bolt-on brackets for a safe and easy mount to this popular V8 engines from BMW. This is the new motorsports range of fuel rails from Nuke Performance, their lightest fuel rails ever with a new line of fittings, banjos and injector safety clips.

Developed with high demands from motorsport

Co-developed with worldwide motorsports teams, this fuel rail is set to perform under all conditions and for any horsepower requirement. This is the best fuel rail on the market for the BMW S65 engines with the highest flow capacity.

Delivered with 2x 3/8-NPT AN-8 and 2x 3/8-NPT AN-8 banjo fittings that need no ordinary o-rings. AN-6 and AN-10 fittings are optional and sold as additional accessories.

Injector Safety Clips ensures sealing and safety

A Nuke Performance unique feature is the injector safety clips that ensure the injectors maintain a perfect sealing even during extreme fuel pressure usage. Whether during assembly, install on the engine or in the unfortunate case of an accident, the

injectors will remain solidly on the rail. No fuel is spilled even if the fuel pump continues to run or there is latent pressure in the fuel system.

Lightweight bolt-on brackets, everything you need is included

Bolt-on lightweight aluminum brackets are included with the kit, designed to work perfectly with the BMW S65 intake, ensuring compatibility with the S65 engine. The necessary fittings are included within the kit such as the unique lightweight banjo fittings that sits back against the firewall, we ensure that everything you need is included within the kit, add injectors of choice and you are ready to go.

This newly developed fuel rail design with NPT threaded ends is up to 40% lighter than other more common fuel rail designs, saved weight equals real motorsports performance.

Bolt-on solutions including the needed fittings and brackets

This kit comes with all needed fittings and brackets for an AN-8 fuel system. We included our newly developed 3/8-NPT threaded banjo fittings to be able to mount these motorsports fuel rails against the firewall where space often can be an issue. The fuel rails come with lightweight aluminum brackets that guarantee a perfect fit against the S65 intake and preventing any leaks and fuel pressure malfunctions. Make sure to use PTFE thread seal for all NPT fittings.

Made in Sweden, guaranteeing the highest possible quality

Developed, designed and manufactured in Sweden, inhouse by Nuke Performance. This is of the highest possible quality and with the same hallmark as all the other range of the lightweight motorsports range from Nuke Performance.

This guaranteeing the highest possible quality - there is no substitute for the quality of Nuke Performance.

LS Fuel rail kit includes:

2 x BMW S65 fuel rails, fit each side

2 x 3/8 NPT to AN-8 Male fittings for front inlet

2 x 3/8 NPT to AN-8 banjo fittings for rear outlet

2 x 1/4 BSPP Plug for middle outlet ports

4 x M6*10mm for mounting brackets

16 x M4*6mm for safety clips

8 x Stainless steel injector safety clips

4 x Aluminium mounting brackets

SPECIFICATIONS

Technical information :

- Machined aluminium extrusion 6082-T6.
- Delivered with 2x 3/8 NPT AN-8 fittings, 2x 1/4 BSPP plugs and 2x 3/8 NPT AN-8 banjo fittings.
- 100% safe for alcoholic fuels such as E85.
- Extremely lightweight design for motorsports use, more then 40% lightes then our ordinary fuel rails.
- Stainless injector safety clips for safe seal operation.
- Billet bolt-on brackets for BMW S65 engine included with the kit.
- Anodized finish for long lasting function and corrosion free appearance.

- Laserengraved and proudly branded with the Swedish flag.
