Opis produktu

Nuke Performance MINI R53 FMIC Motorsports High-Performance Fuel Rail
BMW Mini R53 4cyl FMIC engine high-performance bolt-on Motorsports Fuel Rail kit, the optimal solution for E85. Motorsports, lightweight fuel rail with unique injector safety clips that fit straight on the intake without any heavy modifications. 100% safe for alcoholic fuels such as ethanol, E85.

Lightweight motorsports fuel rail
Unique injector safety clips
Aluminum brackets included for FMIC
Made in Sweden
100% E85 Proof
Delivered with AN-8 fittings

Included brackets for :
• *Mini R53 FMIC **

** will only work on FMIC, if you run a TMIC setup this fuel rail is not useable.*

Made for the type of injectors :
• *Bosch EV 14 Standard*

One of the most overseen engines to tune could be the BMW / Mini R53 engine. But still, there is a growing market, turning small cars into lightweight track day rides. An easy way to make it possible to tune the R53 engine is to convert it to E85 from petrol and in order to do this, you need an ethanol-safe fuel system.

Give your engine over-dimensioned fuel flow for serious power outtake and the looks that are the Nuke Performance signum. Designed to look awesome and perform even better, this motorsports-grade fuel rail is the market-leading Mini R53 fuel rail with the most functionality and is delivered with unique injector safety clips and bolt-on brackets for a safe and easy mount to this popular 4cyl engine from BMW Mini. This is the new motorsports range of fuel rails from Nuke Performance, their lightest fuel rails ever with a new line of fittings and injector safety clips.

Developed with high demands from motorsport
Co-developed with worldwide motorsports teams, this fuel rail is set to perform under all conditions and for any horsepower requirement. This is the best fuel rail on the market for the R53 Mini engine with the highest flow capacity.
Delivered with 2x 3/8" NPT to AN-8 Male fittings. AN-6 and AN-10 fittings are optional and sold as additional accessories.
3/8 NPT to AN-6 Male Part # : 700-05-101
3/8 NPT to AN-8 Male Part # : 700-05-102
3/8 NPT to AN-10 Male Part # : 700-05-103

Injector Safety Clips ensure sealing and safety

A Nuke Performance unique feature is the injector safety clips that ensure the injectors maintain a perfect sealing even during extreme fuel pressure usage. Whether during assembly, installation on the engine or in the unfortunate case of an accident, the injectors will remain solidly to the fuel rail. No fuel is spilled even if the fuel pump continues to run or there is latent pressure in the fuel system. And when running high fuel pressure, the risk of the fuel rail rising from the injector disappears and you do not have to worry about engine fires due to unwanted fuel spray.

Bolt-on solution including the needed fittings and brackets
This Mini R53 FMIC flex-fuel fuel rail kit comes with all the needed fittings and brackets for an AN-8 fuel system. The kit comes with 2x 3/8" NPT to AN-8 Male fittings and sturdy lightweight aluminum brackets that guarantee a perfect fit against the Mini R53 engine intake and prevent any leaks and fuel pressure malfunctions. Make sure to use PTFE thread seal for all NPT fittings.

Made in Sweden, guarantees the highest possible quality
The Mini R53 FMIC engine motorsports fuel rail is developed, designed, and manufactured by Nuke Performance for the highest possible quality and with the same hallmark as all the other parts in the lightweight motorsports range. There is no substitute for the quality of Nuke Performance!

BMW Mini R53 FMIC Engine Motorsports Fuel Rail includes :
1 x Motorsports Fuel Rail, 4cyl
2 x Aluminum lightweight brackets
2 x Stainless steel M6*8mm for brackets
2 x 3/8 NPT to AN-8 Male fitting
1 x 1/4 BSPP plug
4 x Injector safety clips
8 x Stainless steel M4*6mm for safety clips
4 x Injector extensions
4 x Original injector clips
2 x MC6S M8x20 stainless steel bolts

Technical information :
- *Machined aluminium extrusion 6082-T6.*
- *Delivered with 2x 3/8 NPT AN-8 fittings, 1x 1/4 BSPP plug.*
- *100% safe for alcoholic fuels such as E85.*
- *Extremely lightweight design for motorsports use, more then 40% lightes then our ordinary fuel rails.*
- *Stainless injector safety clips for safe seal operation.*
- *Billet bolt-on brackets for Mini R53 included with the kit.*
- *Anodized finish for long lasting function and corrosion free appearance.*
- *Laserengraved and proudly branded with the Swedish flag.*
