Opis produktu

These fittings are specially designed for the Nuke Performance product range. Nuke Performance recommends that you always use the fittings provided by Nuke Performance when changing size or function on all Nuke Performance products.

The AN-10 range is used on Nuke Performance:

- Universal Oil Catch Cans (inlet / outlet)
- 2G Fuel Surge Tank (outlet)
- Competition Fuel Cell Unit (outlet)
- Nuke Performance 200mm Fuel Filter with AN-10 7/8" end caps

Available in AN-8, AN-10 and AN-12. All with thread size 7/8 UNF.
Choose between different sizes when placing order.

If you wish to change, or complement the use of fittings of the highest quality, we recommend that you use our fittings which are designed to withstand high power and excessive wear and in the right combination with the products they were intended for.

Available in several sizes and varieties.

Quantity : 1pc
