Opis produktu

Nuke Performance fuel rail for the Audi & VW 6cyl 3.2L VR6 24V engine, oversized internals, lightweight design, and equipped with our unique injector safety clips.

The Audi & Volkswagen 6cyl 3.2L VR6 24V fuel rail is delivered with brackets for the 24V 3.2L version of the VR6 engines found in different Volkswagen and Audi models, and allows you to go with AN fuel lines and aftermarket injectors for your 3.2L 24V VR6 engine.

- Lightweight fuel rail that fits **3.2L VR6 24V** engines
- To be used with **Bosch EV14Sxt type injectors**
- Delivered with the needed injector adapters
- **AN-8 ORB threads** in both ends enable a high fuel flow
- Delivered with brackets for easy mounting to the VR6 intakes
- AN-6 ORB side outlet/inlet for optional applications
- **Safe for all types of fuels**, including alcoholic fuels such as E85

The Nuke Performance's newest generation of fuel rails grants an easy fit to your engine with an extremely lightweight design. It uses the unique injector safety clips that fuel rails from Nuke Performance have become famous for, which grant a leakproof seal even during a crash where the fuel rail would get torn out of the intake manifold.

Perfect fitment for the Audi & VW 6cyl 3.2L VR6 24V intake manifolds. Delivered with the needed hardware to mount to the intake.

The Nuke Performance Audi & VW 6cyl 3.2L VR6 24V fuel rail is delivered with brackets for the 3.2L 24V VR6 engine intakes.

- Volkswagen R32 3.2L VR6 2003-2009
- Volkswagen Beetle RSi 3.2L VR6 2001-2003
- Volkswagen Touareg 3.2L VR6 2002-2010
- Audi A3 3.2L VR6 2003-2006
- Audi TT 3.2L VR6 2003-2006

Please be aware that this fuel rail is incompatible with the 2.8L 24V VR6 engine from VW Golf, Jetta, GTI, GLI. The Nuke Performance fuel rail fits all the above OEM intakes and should also fit aftermarket ones built to OEM specifications.

AN-8 ORB main ports and an AN-6 ORB side port, we offer a wide range of fittings and adapters to choose from.

The fuel rail uses AN-8 ORB threaded fittings for each end and also offers an additional side port with AN-6 ORB thread. We offer various fittings and our low-profile full-flow banjo fittings for a space-efficient installation.

AN-8 ORB main ports and AN-6 ORB side port

The fuel rail is delivered with an AN-6 ORB Plug for the side ports, but the main port fittings are sold as accessories.

- **AN-8 ORB to AN-6 Male Part #** : 700-04-104
- **AN-8 ORB to AN-8 Male Part #** : 700-04-105
- **AN-8 ORB to AN-10 Male Part #** : 700-04-106
- **AN-8 ORB to AN-6 Male Full Flow Banjo Part #** : 710-01-105
- **AN-8 ORB to AN-8 Male Full Flow Banjo Part #** : 710-01-106
- **AN-8 ORB to AN-10 Male Full Flow Banjo Part #** : 710-01-107
- **AN-8 ORB Plug Part #** : 700-04-116
- **AN-8 ORB to 1/8 NPT Female Adapter Part #** : 700-04-129

All Nuke Performance fuel rails use unique Injector Safety Clips that ensure a perfect seal under all conditions.

One distinctive feature of Nuke Performance is its use of injector safety clips, designed to uphold a flawless seal for injectors even under the strain of extreme fuel pressure.

Ensures a safe and secure seal even during extreme fuel demands

Whether during assembly, engine installation, or in the unfortunate event of an accident, these clips ensure the injectors remain securely attached to the rail. This design prevents any fuel spillage, even in scenarios where the fuel pump continues to run or there is residual pressure in the fuel system.

Designed and developed in Sweden, guaranteeing the highest possible finish and quality.

Developed and designed in Sweden, in-house by Nuke Performance. The Audi & VW 6cyl 3.2L VR6 24V fuel rail is of the highest possible quality and has the same hallmark as all the other lightweight motorsports products from Nuke Performance. The parts from Nuke Performance are co-developed with worldwide motorsports teams, making sure that functionality, as well as the design, meets the absolute highest standards, or even sets its own standard.

Order your aftermarket fuel rail today and experience the convenience and safety of our easy-to-install fuel rails.

There is no substitute for the quality of Nuke Performance.
