Numer katalogowy	<b>331560325</b>
Kod producenta	<b>NP-120-05-102</b>

### Opis produktu

**Nuke Performance fuel rail for the Porsche 964 / 993, oversized internals, lightweight design, and equipped with our unique injector safety clips.**

The Porsche 964/993 fuel rail is delivered with brackets for the 964/993 intake and allows you to go with AN fuel lines and aftermarket injectors for your classic Porsche models.

Lightweight fuel rail that fits **Porsche 964/993** engines  
To be used with **Bosch EV14L type injectors**  
**AN-8 ORB threads** in both ends enable a high fuel flow  
Delivered with brackets for easy mount to the Porsche intakes  
AN-6 ORB side outlet/inlet for optional applications  
**Safe for all types of fuels**, including alcoholic fuels such as E85

The Nuke Performance's newest generation of fuel rails grants an easy fit to your engine with an extremely lightweight design. It uses the unique injector safety clips that fuel rails from Nuke Performance have become famous for, which grants a leakproof seal even during a crash where the fuel rail would get torn out of the intake manifold.

**Perfect fitment for a Porsche 964 / 993 intake, delivered with the needed hardware to mount to the intake.**

The Nuke Performance Porsche 6cyl 964/993 fuel rail is delivered with brackets for the 964/993 engines. The fuel rail is equipped with brackets that fit the following models and years:

Porsche 964 3.3 L 1989 - 1994  
Porsche 964 3.6 L 1989 - 1994  
Porsche 993 3.6 L 1994 - 1998

This fuel rail replaces our old 3/8 NPT version for the same engine with part number 100-12-201. We also offer fuel rails for other Porsche engines

**AN-8 ORB main ports and an AN-6 ORB side port, we offer a wide range of fittings and adapters to choose from.**

The fuel rail uses AN-8 ORB threaded fittings for each end and also offers an additional side port with AN-6 ORB thread. We offer a wide variety of fittings and our low-profile full-flow banjo fittings for a space-efficient installation.

AN-8 ORB main ports and AN-6 ORB side port

The fuel rail is delivered with an AN-6 ORB Plug for the side port but the main port fittings are sold as accessories.

**AN-8 ORB to AN-6 Male Part # : 700-04-104**  
**AN-8 ORB to AN-8 Male Part # : 700-04-105**  
**AN-8 ORB to AN-10 Male Part # : 700-04-106**  
**AN-8 ORB to AN-6 Male Full Flow Banjo Part # : 710-01-105**  
**AN-8 ORB to AN-8 Male Full Flow Banjo Part # : 710-01-106**  
**AN-8 ORB to AN-10 Male Full Flow Banjo Part # : 710-01-107**

---

**AN-8 ORB Plug Part # : 700-04-116**

**AN-8 ORB to 1/8 NPT Female Adapter Part # : 700-04-129**

**All Nuke Performance fuel rails use unique Injector Safety Clips that ensure a perfect seal under all conditions.**

One distinctive feature of Nuke Performance is its use of injector safety clips, designed to uphold a flawless seal for injectors even under the strain of extreme fuel pressure.

Ensures a safe and secure seal even during extreme fuel demands

Whether during assembly, engine installation or in the unfortunate event of an accident, these clips ensure the injectors remain securely attached to the rail. This design prevents any fuel spillage, even in scenarios where the fuel pump continues to run or there is residual pressure in the fuel system.

**Designed, and developed in Sweden, guaranteeing the highest possible finish and quality.**

Developed and designed in Sweden, in-house by Nuke Performance. The Porsche 6cyl 964/993 fuel rail is of the highest possible quality and has the same hallmark as all the other lightweight motorsports products from Nuke Performance. The parts from Nuke Performance are co-developed with worldwide motorsports teams, making sure that functionality, as well as the design, meets the absolute highest standards, or even making a new standard of its own.

Order your aftermarket fuel rail today and experience the convenience and safety of our easy-to-install fuel rails.

**There is no substitute for the quality of Nuke Performance.**
