Nuke Performance Push On Barb Tail Hose Pipe AN-8 ORB to 8mm Male Fitting Adapter

Cena brutto	89,00 zł
Cena netto	89,00 zł
Numer katalogowy	NP-700-04-123

Opis produktu

High flow AN-6, AN-8, and AN-10 ORB to Barb male adapters for vacuum, fuel, oil, and water hose. With a Viton O-Ring safe for all fuels, including alcoholic fuels such as ethanol. Use with Nuke Performance products to adapt the common ORB thread into a barb male fitting for 8/10/13/16mm ID fuel/oil/water hose. Suits many applications, for example, aftermarket fuel filter installations without changing the OEM rubber hose into AN fuel line. Used on Nuke Performance products: FPR100-series fuel pressure regulators CFC Unit for ATL fuel cells CFC Unit for brushless fuel pumps 2G Fuel Surge Tanks with ORB threads Oil Catch Cans Available in different sizes and options: AN-6 ORB to 8mm Male Part # : 700-04-122 AN-8 ORB to 8mm Male Part # : 700-04-123 AN-10 ORB to 8mm Male Part # : 700-04-124 AN-10 ORB to 10mm Male Part # : 700-04-125 AN-10 ORB to 13mm Male Part # : 700-04-126 AN-10 ORB to 16mm Male Part # : 700-04-127 If you wish to change or complement the use of fittings of the highest quality, we recommend that you use our fittings which are designed to withstand high power and excessive wear and in the right combination with the products they were intended for. Quantity : 1pc
