### Opis produktu

The Remote Fill Neck for the Nuke Performance Competition Fuel Cell Unit ( CFC Unit ), threaded on one side and with a flange on the other side that makes a fixed fit for a 50mm fuel hose mounted with a hose clamp.

This setup is installed by being screwed down into the existing fill neck after the fill cap has been removed and is sealed with an ethanol proof Viton o-ring. It utilizes the existing rollover protection.

For 50mm fuel hose.

O-ring for use with alcoholic fuels included.

No fuel hose or hose clamp is included.

Quantity : 1pc with O-ring included
