Opis produktu

Add some extra style to your build with the Mishimoto Quick Release Clamp Assembly. Available in 2.5" and 3" variants, our clamps feature all-aluminum construction, with a unique locking system for a secure connection to your piping system. Our clamps are conveniently removable for simplified servicing to your system or quick adjustments to your build. The anodized finish ensures that these clamps pop in the engine bay for a serious upgrade to the aesthetic, and are available in various colors to suit your build. We stand behind our design, which is why each clamp also includes the Mishimoto Lifetime Warranty for a worry-free installation.
