Kod producenta	WT-200001020

Opis produktu

Welcome to the future of engine cooling - Our Performance High Performance Intercooler Kit for the Porsche 996 Turbo! Dive into a world of unmatched performance with our Performance High Performance Intercooler Kit, specifically designed for the Porsche 996 Turbo. This kit is the key to ultimate performance and impressive cooling, designed for drivers who accept only the best. Our Performance High Performance Intercoolers not only offer increased net volume (355 mm x 220 mm x 90 mm = 7,029 cc) for an impressive 17% more intercooler volume compared to the original cooler, but also superior cooling performance. Designed with advanced CAD for optimized internal airflow and manufactured from high quality cast aluminum, they are the essence of engineering. Despite their powerful performance, our intercoolers are surprisingly lightweight. Weighing only 2x 5.7 kg each, they guarantee not only an incredible increase in performance, but also a fascinating driving experience. Our kit is a completely ready-to-install set that makes replacement with the stock intercooler uncomplicated. With minimal adjustments to the original air ducts, installation is an effortless process. Silicone hoses and aluminum adapters are already included. We are committed to quality and reliability. All of our products, including this high performance intercooler kit, undergo strict quality monitoring and are pressure tested and stable up to 6 bar. These intercoolers are designed to shine even under extreme conditions. Ready to give your Porsche 996 Turbo the performance it deserves? Order our Performance High Performance Intercooler Kit now and feel the power of optimally cooled air. Your ride, our pursuit of excellence - Together on the road to ultimate performance. Intercooler upgrade kit for Porsche 911 Turbo (S) 996: Porsche 996 911 Turbo 309KW/420HP (2000-2006). Porsche 996 911 Turbo S 331KW/450PS (2004-2006) Part number: 200001020 Kit comes with: 2 intercoolers 4 silicone hoses 4 hose clamps 1 mounting material 2 aluminum adapters 1 Installation instruction
