Performance Intercooler Kit Wagner Tuning for Audi 4.0 BiTurbo

Cena brutto	17 149,99 zł
Cena netto	13 943,08 zł
Cena poprzednia	17 638,00 zł
Dostępność	Na zamówienie
Numer katalogowy	331503464
Kod producenta	WT-200001206

Opis produktu

Unleash the full potential of your vehicle with the revolutionary Competition intercooler - a true performance boost for ultimate driving experiences!

Our latest generation of high performance intercoolers take you to a new level of performance. With intercooler core dimensions of 2 x [270mm x 296mm x 115mm] and an impressive charge air volume of 18.4 liters, they offer an incredible 50% more airflow compared to the stock intercooler. In the process, the specially developed performance high-performance core provides superior cooling characteristics and won't let your engine down, even under extreme conditions. With a weight of just 9.0 kg per intercooler, we are setting new standards in lightweight design. The CAD-developed free-form end boxes made of high-quality cast aluminum guarantee optimum internal air flow and impressive pressure resistance of up to 6 bar (tested). Our reinforced silicone hoses and aluminum charge air tube provide excellent flow characteristics while maintaining high pressure resistance. In this way, we minimize back pressure and maximize the performance of your vehicle. To ensure long-lasting durability, all of our intercoolers feature a high-quality anti-corrosion coating with excellent heat conduction properties. This keeps your cooling at optimal levels at all times, and you'll benefit from a significant performance boost that will set you apart from the competition.

Our ready-to-install kit makes it easy to replace the stock intercooler - no complex modifications required. Because with us, every minute you spend on the race track counts. And to make sure you get only the best, all our products are subject to strict quality monitoring. Are you ready to take racing to a new level? Then choose the Competition intercooler and experience the power you deserve!

The Competition Intercooler Upgrade Kit is suitable for the following vehicles:

Audi RS Q8 / Lamborghini Urus / Porsche Cayenne

Audi RS Q8 4M 441KW/600PS as of 2019

Lamborghini Urus 478-490KW/650-666PS as of 2018

Porsche Cayenne Turbo GT 471KW/640HP 2019-2023

Porsche Cayenne Turbo 404KW/550HP 2019-2023*

Porsche Cayenne Turbo S E-Hybrid 500KW/680HP 2019-2023*

* Adjustments to the original air duct necessary

core dimensions Stock intercooler:

2 x [240mm x 296mm x 80mm]

V = 11,4 L

A = 1420 cm²

core dimensions Wagner Tuning intercooler:

2 x [270mm x 296mm x 115mm]

V = 18,4 L (+65%)

A = 1600cm² (+13%)

+50% more air mass flow

much better cooling performance

Part number: 200001206:

Kit comes with:

2 intercoolers

4 silicone hoses

2 aluminum tubes

1 mounting material

1 assembly instruction

Weight: 26.01 kg

Volume: 32.00 cm³/kg
