Performance Intercooler Kit Wagner Tuning for Ford Focus ST MK4 2.3 Ecoboost

Cena brutto	4 349,00 zł
Cena netto	3 535,77 zł
Cena poprzednia	4 472,75 zł
Dostępność	Na zamówienie
Numer katalogowy	331140338
Kod producenta	WT-200001174

Opis produktu

Experience an impressive increase in performance with our Wagner Tuning performance intercooler!

Our performance intercooler sets new standards in efficiency and performance. With net dimensions of 720 mm x 201 mm x 130 mm (stepped), it offers a generous external charge air volume of 15.4 liters compared to the conventional 5.5 liters (OEM). Thanks to the newly developed performance high-performance intercooler core (bar and plate), sufficient airflow is maintained for adjacent components such as the water cooler, while the intercooler itself remains lightweight and compact. With a total weight of just 11.9 kg, it is a true lightweight.

The cast aluminum end boxes were created using CAD and optimized with the aid of CFD simulations to ensure optimum internal airflow. An integrated air guide in the end box ensures even filling of the Competition high-performance core. The intercooler's inlets and outlets have been enlarged to Ø 65 mm, necessitating reinforcement of the silicone hoses. Our intercooler offers a significantly lower overall backpressure than the standard intercooler. In addition, all of our intercoolers feature an anti-corrosion coating with excellent heat conduction properties. This ensures durable and optimal cooling with an impressive increase in performance.

Installation is done by replacing the OEM intercooler and is easy to perform thanks to our detailed installation instructions. We place great emphasis on continuous quality monitoring of all our products to ensure you always receive the highest quality.

Take your performance to a new level with our performance intercooler and experience the full potential of your vehicle!

The Wagner Tuning Performance Intercooler Kit fits the following model:

Ford Focus ST MK4 2.3Ecoboost.

*Additional adjustments for vehicles with Adaptive Cruise Control (ACC). See installation instructions.

Part number: 200001174

Kit comes with:

- 1 intercooler
- 2 silicone hoses
- 4 hose clamps
- 1 mounting material
- 1 assembly instruction
