Opis produktu

Maximize the performance of your Mercedes AMG M177 4.0 liter biturbo engine with the Wagner Tuning intercooler! Experience a revolution in performance with the groundbreaking Wagner Tuning intercooler. This innovative upgrade catapults your performance to unimagined heights and creates an unparalleled driving experience. Introducing our latest generation of high-performance intercoolers, that will take you to a new level of performance. With core dimensions measuring 430mm x 200mm x 102mm and an impressive charge air volume of 8.8 liters, these intercoolers offer an incredible 34% reduction in pressure drop compared to the stock intercooler. In the process, the specially developed high-performance core ensures superior cooling capabilities, providing unwavering support for your engine, even in the most extreme conditions. We're revolutionizing lightweight design with our intercoolers, weighing only 12.6 kg each. Crafted using CAD-developed free-form end boxes from high-quality cast aluminum, they ensure optimal internal airflow and impressive pressure resistance of up to 6 bar (tested). Our reinforced silicone hoses and aluminum charge air tube offers exceptional flow characteristics while maintaining high pressure resistance. This approach effectively minimizes back pressure, maximizing your vehicle's performance to its fullest potential. To guarantee lasting durability, each of our intercoolers is equipped with a premium anti-corrosion coating with excellent heat conduction properties. This ensures your cooling system operates at optimal levels at all times, providing you with a significant performance boost that will undoubtedly set you apart from the competition. Say goodbye to complex modifications! Our ready-to-install kit allows you to effortlessly replace the stock intercooler, saving valuable minutes on the race track. In our commitment to providing you with nothing but the best, all of our products undergo rigorous quality monitoring. If you're ready to elevate your racing experience, then choose the competition intercooler and experience the power you truly deserve! The Performance Intercooler Upgrade Kit is suitable for the following vehicles: Mercedes G63 AMG with M177 engine Mercedes W436 G63 AMG 430KW/585HP as of 2018 core dimensions OEM intercooler: 2 x [200mm x 190mm x 67mm] V = 5,1 L core dimensions Wagner Tuning intercooler: 1 x [430mm x 200mm x 102mm] V = 8,8 L (+72,5%) 34% less back pressure much better cooling performance part number: 200001207 Kit comes with: 1 intercooler 2 silicone hoses 1 mounting material 1 assembly instruction Weight: 17.60 kg Volume: 43.00 cm³/kg
