Opis produktu

The Peugeot 208 GTi & Citroen DS3 hardpipes replace the turbo to intercooler and intercooler to throttle body plastic pipes on the top of your engine. We also include the silicon hose exiting the turbo which is available in red, blue, or black.

These pipes are more free flowing than stock by removing the resonators and can be fitted to the stock intercooler hoses, or our full front mounting intercooler kit [FMINT208GTI](#).

PLEASE NOTE: THIS WILL ONLY FIT THE GTI MODEL AND NOT THE GT WITH 156BHP
