Opis produktu

Plate High Output System 50-250Hp for Ford Coyote 5.0L / Godzilla 7.3L Nitrous Express has combined performance, quality and easy installation in this new nitrous system engineered specifically for the 5.0L Coyote and 7.3L Godzilla Plate. This system includes an Autolearn TPS switch which allows the nitrous to activate only at wide open throttle. A direct-plug-in Fuel Line Adapter is provided to simplify installation (no need to cut your factory fuel lines). The system includes the billet aluminum and carbon fiber Lightning series solenoids, billet aluminum nitrous plate, nitrous bottle with the new billet aluminum Lightning 500 bottle valve, extra long stainless braided N2O line, stainless bottle brackets, master arming switch, relay, relay harness and all necessary hardware to complete the installation. Includes jetting for 50, 75, 100, 125, 150, 200 and 250HP. Fits 2011-2015 Ford GT Mustangs with the 5.0L 4 valve coyote and 2020 and newer 7.3L gasoline engines. If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us THE NITRO BOTTLE IS EMPTY!
