Opis produktu

Plate System with 10Lb Bottle for Dodge Dart 1.4L The Nitrous Express EFI Nitrous Plate Systems for Dodge Dart applications transforms a cool little car into a tire smoking hot rod in the matter of a couple hours. The system includes a lightweight nitrous plate that bolts between the throttle body and intake making installation quick and easy. A direct-plug-in Fuel Line Adapter is provided to simplify installation (no need to cut your factory fuel lines). This system includes a TPS Wide Open Throttle Switch so the nitrous only activates at wide open throttle and automatically turns off when you decelerate. The system includes jetting for 35, 50, 75, and 100 horsepower. Systems includes a 15 foot stainless braided nitrous line, master arming switch, relay, relay harness and all necessary hardware to complete the installation. Fits 2013-up Dodge Dart 1.4L Turbo If you have an aftermarket engine management system that is capable of adding nitrous enrichment fuel and want this system DRY (no fuel components), please contact us THE NITRO BOTTLE IS EMPTY!
