Podstawka adapter chłodnicy oleju z termostatem Mishimoto M22 X 1.5

Cena brutto	973,00 zł
Cena netto	791,06 zł
Dostępność	Na zamówienie
Numer katalogowy	331389616
Kod producenta	MMOP-SPTRM22

Opis produktu

Whether you have a daily driven Vette or a built Mustang, proper oil temperatures are crucial for engine longevity and performance. Keep temperatures in check with the Mishimoto M22 X 1.5 Oil Sandwich Plate with Rear-Mounted Thermostat. This high-flow sandwich plate is constructed from lightweight CNC-machined billet 6061 aluminum, providing unmatched precision and quality. The internal oil thermostat will restrict flow to the heat exchanger until the activation temperature is reached; this provides improved warm-up while maintaining efficient cooling properties. Thanks to a small footprint and rear-mounted thermostat, this sandwich plate can be installed in even the tightest engine bays where the exhaust or other engine components create strict space constraints. The sandwich plate includes two 1/8" NPT ports for use with temperature or pressure sensors. The included M22 X 1.5 sandwich plate adapter allows for fitment on various GM LSX vehicles and Ford V8's including the 4.6L, 5.4L, and Coyote 5.0L. For more specific fitment information, check our tech specs above! As with all our products, this sandwich plate includes the Mishimoto Lifetime Warranty. Built-in thermostat (185°F / 85°C) Overall Size: 3.19" x 2.8" x 1.18" / Ports: M20 x 1.5" / Material: 6061 Aluminum Two 1/8" NPT ports (with plug) for sensors/oil feed/etc. Square O-ring design Mishimoto Lifetime Warranty
