Opis produktu

We recommend [servicing](#) your valve every 3 years, or 20,000 miles, whichever comes sooner

A Pair of Porsche 991/911 Recirculating Valves.

These valves are fully customisable to fit your application with two uprated springs provided in the kit. Forge Motorsport's improvement on the original valve has resulted in a compact and aesthetically pleasing design that is fully serviceable, unlike the OEM valve. Coupled with our unique piston design this is the fastest responding DV on the market allowing for an improved throttle response

These valves are competition tested and used on many high performance Porsche's - All Forge Porsche parts are Engineered for Performance and Guaranteed for life.

Please select whether you want a black or matt silver valve, using the options above.

2 x FMDV008PA Valve
2 x Uprated Yellow Spring
2 x Uprated Blue Spring
2 x Cable Tie
2 x 2.5mm Allen key
4 x 35mm Hose Clamps
2 x Instruction Booklet
2 x Forge Sticker

If you are unsure if this product is suitable for your application, please contact us.

The valve has a port size of 25mm
