Opis produktu

Light and flexible, the Mishimoto Stainless Steel Braided Hose is the perfect complement to your oil cooling system and engine bay. The stainless steel construction not only adds to the look of your engine bay, but also prevents corrosion and abrasion. Each light weight hose comes pre-assembled with one 90 degree swivel -10AN fitting and one straight swivel -10AN fitting. With an operating temperature range from -40 degrees F to +300 degrees F and a maximum PSI of 750PSI, you can trust that this hose can withstand the high temperatures that come with performance vehicles, on or off the track. The Mishimoto Stainless Steel Braided Hose can also be used for fuel, oil, vacuum, and water line applications, and is covered by a Lifetime Warranty. Stainless steel braided hose resists corrosion and abrasion. Operating temperature range from -40°F to +300°F. Max pressure of 750PSI. Can be used for fuel, oil, vacuum, and water lines. Mishimoto Lifetime Warranty.
