Numer katalogowy	331390873
Kod producenta	MMHOSE-CTR-17RD

Opis produktu

Upgrade your Civic Type R's radiator hoses with the Mishimoto 2017+ Honda Civic Type R Radiator Hose Kit. This kit is specifically designed for the K20C1-equipped CTRs to increase heat and pressure tolerance while adding some flair to the engine bay. Get rid of the ugly stock rubber hoses in favor of a direct-fit kit made of high-grade silicone with heat-resistant embedded fibers, good for keeping things contained at temperatures of up to 330°F. High-quality worm gear clamps ensure that things stay secure no matter what the conditions are, and the added strength of the materials in both the hose and clamps offer improved pressure tolerance compared to stock. The kit includes an upper hose, a lower hose. The set is available in your choice of black, matte black, blue, or red. This product also ships with the Mishimoto Lifetime Warranty.

This Part Fits:

Year	Make	Model	Submodel
2017-2021	Honda	Civic	Type R
