Kod producenta	<b>MMHOSE-370Z-09BL</b>

### Opis produktu

Mishimoto proudly introduces its Nissan 350Z Silicone Air Intake Hose Kit! The 350Z silicone air intake hoses are made with a combination of high grade silicone and heat-resistant embedded fibers to prevent increased temperatures in the intake charge caused by excess radiant heat in the engine bay. Preventing increased intake charge temperatures will ultimately increase horsepower and provide improved performance. The air intake hose is the perfect replacement for the OEM intake piping. The Nissan 350Z Silicone Air Intake Hose Kit is available in black, blue and red, and features (4) Mishimoto T-Bolt clamps for easy installation.

- Direct fit for 2009+ Nissan 370Z
- Inner Diameter: 1.3" Outer Diameter: 1.65"
- Maximum Temperature: 330Å,Å°F
- Constructed with high grade silicone and heat-resistant embedded fibers
- Mishimoto Lifetime Warranty
