Kod producenta	<b>MMHOSE-300ZX-90TBK</b>

### Opis produktu

Rubber is out, silicone is in! Upgrade your old Nissan 300ZX radiator hoses with the Mishimoto 1990-96 Nissan 300ZX Turbo radiator hose kit to provide your 300ZX with an advancement in both style and reliability. This kit includes both the upper and lower 300ZX radiator hoses, as well as four worm-gear clamps for ease of installation. Unlike the degradation-prone rubber hoses your Nissan 300ZX Turbo currently has, every Mishimoto silicone hose is constructed from five layers of silicone with heat-resistant embedded fibers to provide unmatched durability, heat tolerance, and pressure tolerance. Whether you are launching your 300ZX down the strip or lapping at your next track day, trust Mishimoto with all your 300ZX parts. This silicone hose kit is available in black, blue, or red and, like all our Nissan 300ZX parts, includes the Mishimoto Lifetime Warranty. Direct fit for the 1990-1996 Nissan 300ZX Turbo. Maximum Temperature: 330°F. Constructed with high grade silicone and heat-resistant embedded fibers. Includes two silicone hoses and four worm-gear clamps. Mishimoto Lifetime Warranty.
