Rubber is out, silicone is in! Upgrade your old Toyota Corolla 1.6L radiator hoses with the Mishimoto Corolla 1.6L radiator hose kit to provide your 1.6L with an advancement in both style and reliability. This kit includes both the upper and lower Corolla radiator hoses, as well as four worm-gear clamps for ease of installation. Unlike the degradation-prone rubber hoses your Corolla 1.6L currently has, every Mishimoto silicone hose is constructed from five layers of silicone with heat-resistant embedded fibers to provide unmatched durability, heat tolerance, and pressure tolerance. Whether you are drifting your Corolla 1.6L through corners or lapping at your next track day, trust Mishimoto with all your 1.6L parts. This silicone hose kit is available in black, blue, or red. Like all of our Corolla 1.6L performance parts, this hose kit comes with the Mishimoto Lifetime Warranty.
