Opis produktu

This replacement Billet Oil Cap is beautifully over-engineered in customary RacingLine fashion to give an exquisite feel and appearance every time you top up your oil. For the 2.0 TSI EA888 gen4 in MQB EVO cars.

Make topping your oil up a pleasure. This Billet Oil Cap for the new MQB EVO models with 2.0 TSI EA888 gen4 is beautifully over-engineered in customary RacingLine fashion to give an exquisite feel and exceptional product experience. RacingLine's Oil Cap is all about the 'click'. Never again will you worry whether you tightened your oil cap fully - as the cap clicks hard and locks into place. This ensures absolute tightness when fitted, even with the heat soak from a high-performance engine. Meaning that this cap will ensure that you'll never again have the problem of 'weeping' oil leaks from the standard cap - a known issue with the TSI engines. As you'd expect from RacingLine, it's meticulously machined with the latest CNC 5-axis technology. Each cap starts life as a solid billet of 6061 aerospace-grade aluminum. It's then hand-polished, then gloss-anodized Midnight Black to stay beautiful year after year.
