Cena brutto	352,58 zł
Cena netto	286,65 zł
Dostępność	Na zamówienie
Numer katalogowy	331552316
Kod producenta	VWR190008

Opis produktu

Doesn't your pride and joy deserve better than cheap plastic parts in the engine bay? RacingLine's beautiful 1.0 TSI & 1.4 TSI (EA211) Billet Dipstick replaces the cheap plastic of the original to making checking your oil level a pleasure. Not only does it look great in the engine bay but is also massively stronger than the original.

The RacingLine Billet Dipstick for all VWG 1.0 TSI & 1.4 TSI (EA211) engines (including the 1.4 Hybrid GTE/PHEV) replaces the cheap plastic original, giving not just a beautiful appearance in the engine bay, but also a vastly stronger high-quality replacement. Checking your oil level has never been so pleasing! The design of the RacingLine Billet Dipstick is all about the beautiful details. The handle itself is meticulously CNC-machined before being hand-polished, then gloss-anodised in Midnight Black to stay beautiful year after year. A high-quality viton rubber o-ring will prevent the risk of any oil leakage. The factory plastic dipsticks are notorious for the handle snapping off as you try to pull it out. With the temperature cycles from extreme heat to cold, it's no wonder that the plastic handle eventually goes brittle and fails. The RacingLine Billet Dipstick will make sure that this never happens to your car. A great upgrade for any 1.0 TSI or 1.4 TSI car!
