### Opis produktu

Replace your Audi B9 S4, S5, RS4, RS5, SQ5 plastic oil filter housing with RacingLine's beautiful gloss-black Billet Oil Filter Housing. Not only giving your car an exquisite underhood appearance, but you can also forget about the problems of cracked plastic housings forevermore.

Tired of staring at your cheap, brittle plastic oil filter housing every time you lift the hood? That's why RacingLine have come up with this beautiful Billet Oil Filter Housing to replace it. It's made to match OEM dimensions right down to the original factory size hex nut. The Filter Housing accepts the factory engine oil filter to maintain simplicity and keep that OEM fitment for your future oil changes. A quality part means you can forget about the problems of cracked plastic housings forevermore. It's meticulously machined using the latest CNC 5-axis technology. Finally it's hand polished, then gloss-black anodised to stay beautiful for year after year.
