Opis produktu

Stripping weight out of your track car? Prefer that clean, uncluttered look without the rear wiper? Then RacingLine’s Rear Wiper Delete kit is for you. A simple, affordable upgrade that is an easy DIY install.

Unlike some rear wiper deletes, RacingLine’s design sits fully flush with the glass, making it near-invisible once fitted. Furthermore, the glossy surface is hand-polishing, before being anodised in gloss midnight black for a long-lasting finish that blends almost invisibly with the rear screen. The single-piece design is CNC-machined from Type-6061 Billet Aluminium, with the RacingLine logo delicately machined in. For 26.5mm hole opening, perfect for almost all modern VWG cars The kit is supplied with a RTV Silicone sealant for simple DIY fitment from the inside of the window, ensuring a strong, waterproof install.
