Cena brutto	265,83 zł
Cena netto	265,83 zł
Dostępność	Na zamówienie
Numer katalogowy	379175428
Kod producenta	FMVELRDH

Opis produktu

A fabric reinforced silicone hose that replaces the intake resonator, and it's associated restriction, on both the Hyundai Veloster turbo and Kia Cee'd GT 1.6 Turbo. This is a great upgrade for tuned or modified engines and can be supplied in a choice of red, blue or black.

Please select your choice in the options below, when placing an order.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
