Kod EAN	*5056721237701*

Opis produktu

*****PLEASE NOTE, THIS ITEM IS NO LONGER AVAILABLE. PLEASE SEE [FMDV008PA](#)*****

Forge Motorsport's 007Pa valve, will fit all VAG 1.8T and 2.7 Bi-Turbo engines, aswell as numerous other vehicles. Please see compatible vehicles above, or contact us if you are not sure if this valve is suitable for your application.

Made from billet aluminium, this recirculating diverter valve dumps the charge-air back into the air intake system keeping external noise to a minimum. This increases both quicker throttle response and higher clamping load to maintain boost pressure more reliably.

*****YOU CAN STILL PURCHASE A SERVICE KIT FOR YOUR EXISTING 007P VALVE - PLEASE SEE THE [FORGE SERVICE KIT BELOW](#)*****
