Opis produktu

This kit is specifically designed for the Renault Clio Trophy 220 model. We use a custom designed silicone hose combined with a Pipercross high flow, foam, cone filter offering excellent filtration. Everything needed is supplied in the kit, including quality stainless steel clamps.

Testing of this kit showed improvements of more than 5 horsepower over the stock air box on a standard engine. Greater improvements can be achieved on tuned vehicles.

You have a choice of black, blue, or red silicone hose, please select your choice using the options above.

For the replacement filter for this kit, please see [FMRFC7004-1](#).
