Opis produktu

VW GOLF 8R 2021 - DSG DQ381 CHROMOLY BILLET HOUSING COVER FOR OGC398029 TO ODW DQ381 CLUTCH Introducing the pinnacle of performance enhancement for the iconic VW Golf 8R 2021, the DSG DQ381 Chromoly Billet Housing Cover. Crafted with precision engineering and cutting-edge technology, this cover is tailored specifically for the first batch of Golf 8R production, seamlessly integrating with the spacer in the gearbox for optimal compatibility of DQ381 ODW clutch. Engineered to elevate your driving experience, this housing cover has a taller center axle like the original Golf 8R housing. Its Chromoly billet construction ensures unrivaled durability and reliability, capable of withstanding the rigors of high-performance driving. Not only does this cover optimize performance, but it also adds a touch of sleek sophistication to your Golf 8R's underbelly. Its meticulously designed structure not only enhances aesthetics but also contributes to improved heat dissipation, ensuring optimal operating conditions for your vehicle's vital components. Whether you're tearing up the track or cruising through city streets, the DSG DQ381 Chromoly Billet Housing Cover for the VW Golf 8R 2021 is your ticket to unlocking the full potential of your machine.
