Opis produktu

The kit includes (2) wheel spacers with bolt pattern 5x112 - 66.6mm. The wheel spacer's width is 15mm and is suitable for BMW cars and others with this pattern. This particular kit comes as a special product, machined in our CNC machine, for these frames making the product completely reliable, solving the problem of damaging the wheel in contrast with other similar products. Thus we guarantee the unique and perfect fitment ensuring the perfect functionality of this product without facing the common problems of steering wheel shaking and wheel damage.
