Opis produktu

Hyundai i30N and Veloster N short shifter and side shifter set. This part has been developed in conjunction with our work on the BTCC championship winning Hyundai i30N's - read more [here](#)

The i30N and Veloster N are both a very sporty hot hatch but the sporty feel can be let down by the amount of travel in the gear stick. This short/quick shifter set has been developed by Forge to offer a short, crisp, and precise gear changing experience.

Designed with black stealth OEM styling and simple adjustability to suit the individual's driving needs. **The horizontal and vertical travel between gears can be set to standard or reduced by any amount up to approximately 50%.**
