Silicone Boost Hose for Smart Car with DV Take Off

Cena brutto	446,59 zł
Cena netto	446,59 zł
Dostępność	Na zamówienie
Numer katalogowy	379173408

Opis produktu

One Silicone replacement boost hose, (Petrol engine only) that incorporates a 25mm take off or spout that allows the fitment of a dump valve.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*

These will not fit the Forfour, the 800cc diesel Fortwo or the new 999cc Fortwo, including the 999cc Fortwo Brabus.

*T&C's apply
