### Opis produktu

Ancillary Silicone Boost Hoses VAG 1.8T BAM APX 225hp Engines. Replacement silicone hoses for the diverter valve to turbo boost pipe and the N75 hose. If you only require the N75 hose, then see our product code [FM225N75](#).

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty\*
